

A PLAYCORE Company

## Snug Debuts

Snug Play USA received a great response recently during its debut at two national conferences, the National Recreation and Parks Association Congress and Expo, and the National Association of Early Years Conference.

Parks department employees, teachers and students were all able to see, touch, and learn about our exciting play product while in our booth. The booth instantly invited people in with its white shag carpet, and grabbed the attention of visitors with the vibrant product colors, TV monitors showing videos of the product, and our "Stress Bump" give-aways.

Attendees at NRPA were also able to see live demonstrations of Snug Play being used by local students from the FAIR School in Downtown Minneapolis during select show hours.

A special thank you again to all who came by our booth.
